Eastern Shore Chamber of Commerce

## *Total Resource Campaign Successful*

The Eastern Shore Chamber of Commerce wrapped up its first annual Total Resource Campaign on June 3<sup>rd</sup> with total sales of over \$129,000 in sponsorships and new memberships.

The purpose of the campaign was to develop the leadership and financial resources of the Eastern Shore Chamber of Commerce through an all volunteer campaign to attract new members and secure sponsorships for the Chamber's programs, events, and initiatives.

*"In addition to the funds we did raise, the Chamber gained great new volunteers, new members and sponsors who haven't participated before"*

Joe Bullock, campaign chair

Over the nine weeks of the campaign, volunteers from member businesses sold over \$129,000 in sponsorships and memberships. "We applaud the volunteers for their hard work," said Chamber President Darrelyn Bender, "The TRC took a lot of time and effort on their part, and when you consider this was in addition to demands of their full-time careers, you can see they really delivered."

The top producing team in the campaign was Daphne Utilities, who exceeded their production goal by over 30%. The team captain was Lori Scharles Daphne Utilities, and team members were Deloris Brown and Courtney Tolbert also with Daphne Utilities, John Pickens, Engineering Development Services and Robbie Strom, Hutchinson, Moore & Rauch.

The top individual volunteers were Andy Ralph, Infirmity Health System, John Pickens, Engineering Development Services and Ed Hammele, Wachovia Bank.

"The TRC was a great program for the Chamber," said Joe Bullock, campaign chair and incoming Chairman of the Board, "Although we didn't raise what we had hoped, thanks in part to the slow economy, all the outcomes are positive. In addition to the

funds we did raise, the Chamber gained great new volunteers, new members and sponsors who haven't participated before." He added, "We look forward to next year's campaign."

# Joe Bullock

## Engineering Development Services, LLC

The Eastern Shore Chamber of Commerce chairman of the board for 2007/2008, David Clark, handed over the gavel to incoming board chairman, Joe Bullock at the Chamber's annual meeting the 84th Annual Chairman's Gala, which was held at the Grand Hotel Marriott Resort, Golf Club and Spa on June 5. Joe officially began his term on July 1, 2008.

Joe has been involved with the Eastern Shore Chamber of Commerce for the past eight years. As a strong supporter for the Blueprint for Tomorrow, Joe has the honor of serving on the Chamber's Board of Advisors. Joe has served as the Vice President of Economic Development and on the Board of Directors. He also served as chairman of the Chamber's first Total Resource Campaign. Joe is a regular on the annual leadership trip and looks forward to a new adventure every year.

The youngest of nine, Joe Bullock was born and raised in Tulsa, Oklahoma where he was taught good southern values by parents, who were native Mobilans. Driven by the need to be known as something other than "So and So Bullock's" little brother, Joe came to his senses and moved back to his roots. Joe has made Daphne his home for the past 14 years with his wife of 20 years, Lesli and their son Kellen. Oklahoma's loss is our gain.

With a bachelor's degree from Oklahoma State University in 1987, Joe pursued a career in civil engineering. He spent 11 years with consulting engineering firms in positions ranging from design engineer to project manager/civil engineering department head. Joe is currently licensed in Alabama, Florida and Mississippi. During this time he decided to further his education and in 1992 received his MBA from the University of South Alabama.

In 1999 Joe and fellow employee John Avent, formed Engineering Development Services, LLC offering services ranging from planning, surveying, engineering and construction observation. What started as a small company with five employees and one office, EDS has grown to a total of 38 employees with offices in Daphne, Gulf Shores and Mobile. When they designed and built the Daphne office in 2002, one of the requirements was room for a ping-pong table so Joe could keep his game up!

In addition to serving as Chairman of the Board for the Chamber Joe, serves on the Board of Directors for the Baldwin County Economic Development Alliance; he serves on the Building Board of Adjustments for the City of Gulf Shores and he is a member of the American Society of Professional Engineers.

In his spare time Joe and his family enjoy cheering the OSU Cowboys on to victory, attending his son's swim meets and the occasional round of golf.

Joe and his family are members of Christ the King Church.

***Welcome aboard Joe!***

## **BRAYANT BANK REMAINS COMMITTED TO ALABAMA, ITS EMPLOYEES**

*A Total Resource Campaign Sponsored Article Submitted by Bryant Bank*

Founded in Tuscaloosa, Ala., by Paul W. Bryant Jr., Bryant Bank has quickly become one of Alabama's most notable and recognizable financial institutions in the state. With locations in Tuscaloosa, Birmingham, Huntsville and Baldwin County, Bryant Bank is on the forefront of becoming the state's premier bank.

However, the financial institution operates somewhat differently from other institutions with a firm commitment to its employees and its community.

As the bank began to spread its wings in Baldwin County, officials recognized the importance of employing local, Alabama residents. These local bankers are dedicated to providing local service and leadership that is second to none in the Baldwin County market.

In early 2006, Bryant Bank made its appearance in the Baldwin County community with its first branch on North McKenzie Street in Foley. However just several short months later, officials purchased a new building (its Daphne location) to serve as the main branch for its Baldwin County neighbors.

Nothing short of spectacular, the Daphne location on U.S. Highway 98 stands as a cornerstone to the commitment of the bank to the area. The bank added seasoned banking professionals including Johnye Tinsley as Branch Manager (Daphne), Sherrie Majors, Carla Hunt, Angela Henson, Takiesha Morrisette, Deborah Rosendale and Debbie Bradley. These additions to the Bryant Bank family underscore the commitment to its Baldwin County neighbors while still providing expertise in every facet.

"We are fortunate to have such a great group of people working with us in Baldwin County," said president Jamie Lipham. "The years of experience are great, but their character, integrity and caring for our customers can not be matched. We are proud to be serving our Baldwin County neighbors."

Officials took the extra step in its community-oriented spirit by designating almost 1,500 square feet to a Community Room – a room dedicated completely for non-profit organizations to meet and further their cause.

As the bank continues to grow, so to has its name and its good-will. As the Bryant legacy continues to grow in Alabama, so too does the viability and stability of Bryant Bank.
